Amount per pupil:	£10 per pupil		
Total	£16,000 + £2,180		
Total PE & Sports Development budget:	£18,070		
Outline Strategy			
<ul style="list-style-type: none"> • The aim of this PE & Sports Development strategy is to identify barriers that impact on pupil academic progress and outcomes, specifically as a result of their engagement (or disengagement) in PE, School Sports and physical activities. For our pupils this includes fostering a readiness to learn through developing increasing levels of independence, removing or reducing barriers, encouraging our pupils to develop healthy living skills where possible, and most importantly developing our pupils' level of physical fitness and resilience to enable them to engage with others in order to learn, be safe and be part of their school and local community. This also includes enabling our pupils to engage in sporting activities and competitions alongside their peers and those from other schools/settings. • The overall aims of this plan are to: <ul style="list-style-type: none"> ○ Raise the in-school attainment, progress and health of Primary age pupils, including those within the EYFS phase & build capacity in school ○ Reduce the progress gap over time, thereby enabling our pupils to be ready for life-long learning in the community, improve K&U ○ This plan is to be reviewed annually or sooner if new interventions are found which prove more beneficial to our pupils
