

Communication and Language

In class we are practising using symbols and Aided Language displays to support our play and daily routines.

At home please ask if you would like any specific symbols to support your child. We can make these for you.

Physical Development

In class we will be swimming each week. We will be using soft play to allow the children freedom to explore safely. In PE we will be exploring different ways to move using the equipment eg - shuffling, crawling, climbing, balancing.

At home please sing action songs with your child, challenging them to move in different ways. eg - if you're happy and you know it stamp your feet

PSED

In class we are learning about what makes us special and unique. We will also be practicing independence skills.

At home please encourage your child to be as independent as possible. For example, support them to hold their own spoon at mealtimes, recognising their own belongings, taking off their socks before bath time.

Literacy

In class we are listening to an autumn story and exploring items from the story. In phonics we are developing our listening skills, exploring songs and learning new sounds.

At home please read stories to your child every day. Talk about the sounds you hear everyday - eg the lawnmower or the doorbell.

Autumn

Topic

In class we are learning about parts of a tree and will be exploring leaves and bark. In art we will be exploring autumn through natural resources, for example autumn leaf collages and leaf painting.

At home please: get outside with your children and explore the natural resources all around you, conkers, acorns, leaves etc..

Maths

In class we are : building attention, number and anticipation skills by building towers and knocking them down. We are also exploring numbers through number rhymes and autumn resources.

At home please:

Sing number songs with your child and bring counting in to play activities. Talk about colours and shapes you see when out and about.
