

Dear all at Brays School,

## **Congratulations on achieving the One Education Reading Award.**

We are delighted to inform you that your school has achieved the One Education Reading Award at **GOLD** level.

Your One Education Reading Award will illustrate - to all staff, students, visitors and stakeholders - the commitment and knowledge shown by your school in building a successful reading curriculum. The award shows how you have focused on providing students with the skills, passion, and enthusiasm needed for reading.

You will know from completing the award, that developing a reading culture takes hard work and determination. We hope that your journey of creating a reading culture does not end with this award. We hope it continues to grow, develop and inspire your students to keep on reading for the whole of their lives.

Along with this letter, you will receive the One Education Reading Award logo to use on your letter-headed paper, your website, and other school resources. You will also receive a plaque to recognise your school's achievements in reading, which will be ordered and delivered to your school within the next few weeks.

Many congratulations on your school's success in achieving the One Education Reading Award.

With our very best wishes,

A handwritten signature in black ink that reads "Laura Buczko".

Laura Buczko  
Literacy Team Leader
